

Graduate Analyst

Your everyday life at ABeam is to help our clients solve their various problems and think of creative ways for them to do business.

Our aim is to develop your career successfully and support your learning with a 'best in class' training program which includes:

- ✓ Orientation & Basic Training to understand ABeam and build your professional skills
- ✓ Global Training cultivating the skills & mindset to become a Global Consultant
- ✓ On the job training giving you working experience in a real live project
- ✓ Overseas Training Assignment of six months duration at our Head Office in Japan

You will get the chance to work with our leading experts in SAP, Strategy & Operations and IT strategy.

Our recruitment process:

There are four stages in our recruitment process including:

1. Telephone interview with the Talent Acquisition Team to understand your interest and engagement with our organisation
2. Candidate Workshop assessing your logical thinking and suitability for ABeam
3. In office interview with Senior Manager or Director level ABeam members
4. In office final interview with our Managing Director

Interested students can email their CV to thabtalent@abeam.com

We are interviewing now and the start date for the job is Monday 2nd July 2018.

Our Requirements:

- A passion for Consulting and real desire to work at ABeam
- Strong logical thinking
- Good teamwork skills
- Excellent English language skills (verbal and written)
- Degree educated with a minimum GPA 2.75
- Real desire to rise to the challenge in a dynamic environment with enthusiasm
