### ICT Mahidol's senior researcher was featured on Universität Bremen's website

The Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol) would like to congratulate Dr. Myat Su Yin, Senior Researcher of Mahidol-Bremen Medical Informatics Research Unit (MIRU), for being featured on Universität Bremen's website.

Dr. Myat Su Yin has been working as the lab manager in Mahidol-Bremen Medical Informatics Research Unit (MIRU) at Mahidol University. She has been conducting numerous collaborative research projects in medical informatics with the University of Bremen. At present, her collaborative work prioritizes addressing pressing problems in medicine and public health using ICT through innovative applications of existing technology as well as the development of new technologies.
