ICT Mahidol senior students held an online activity, “Sairahas” for their freshmen, Academic Year 2021

On 2 August 2021, ICT Mahidol senior students held an online activity “Sairahas” for the 2021 freshmen of the 2 programs of the Faculty of Information and Communication Technology: Information and Communication Technology (ICT, International Program) and Digital Science and Technology (DST, Thai Program) via Discord.

The objectives of this activity were to give opportunity for freshmen to know their senior students as well as to build a good rapport with them. In addition, the freshmen were grouped in the “Sairahas Line” between fraternity and sorority, in which both the junior and senior students in that particular line support one another socially, emotionally, and academically.
