ICT Mahidol together with DEPA organized an online training, “Penetration Testing and System Hardening, Batch 2”

During 18 - 19 September 2021 – Dr. Pattanasak Mongkolwat, Dean of the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), together with Digital Economy Promotion Agency (DEPA), organized an online training, “Penetration Testing and System Hardening, Batch 2” via Webex Meetings. At the beginning of the training, Dr. Rattasart Korrasud, Senior Executive Vice President/COO of DEPA as well as Mr. Wiboon Phatrapiboon, Assistant Secretary-General (Digital Technology), the Securities and Exchange Commission, Thailand gave a warm welcome speech to all 70 participants.

The hands-on and theoretical training, “Penetration Testing and System Hardening” is the second collaborative project between the Digital Economy Promotion Agency (DEPA) and the Faculty of Information and Communication Technology. It aimed to provide proper knowledge, understanding, principles and methods of computer system vulnerability.

The guest speakers from ICT Mahidol included:

1. Dr. Ittipon Rassameeroj (Head of the Project)
2. Assoc. Prof. Dr. Vasaka Visoottiviset

3. Dr. Assadarat Khurat
4. Dr. Songpon Teerakanok
