ICT Mahidol together with DEPA organized an online training, “Penetration Testing and System Hardening, Batch 1”

During 4 - 5 September 2021 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), together with Digital Economy Promotion Agency (DEPA), organized an online training, “Penetration Testing and System Hardening, Batch 1” via Webex Meetings. At the beginning of the training, Dr. Pattanasak Mongkolwat, the Dean, gave a warm welcome speech to all 78 participants. Followed by an opening remark from Ms. Kasama Kongsmak, Vice President of Digital Intelligence Strategy and Policy Department.

The hands-on and theoretical training, “Penetration Testing and System Hardening” is the second collaborative project between the Digital Economy Promotion Agency (DEPA) and the Faculty of Information and Communication Technology. It aimed to provide proper knowledge, understanding, principles and methods of computer system vulnerability.

The guest speakers from ICT Mahidol included:

1. Dr. Ittipon Rassameeroj (Head of the Project)
2. Assoc. Prof. Dr. Vasaka Visoottiviseth
3. Dr. Assadarat Khurat
4. Dr. Songpon Teerakanok
