ICT Mahidol organized “ICT Mahidol Online Short Course: Creative Coding with Processing and Usability of Thing” for high school students

On 27 December 2021 - the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), led by Dr. Pisit Praiwattana and Dr. Pilailuck Panphattarasap, instructors, organized “ICT Mahidol Online Short Course: Creative Coding with Processing and Usability of Thing” for 30 Thai and international high school / vocational and high vocational students via Webex Meetings.

The objectives of the "ICT Mahidol Online Short Course" were to provide students with opportunities to participate in mock classes of the Faculty of ICT via online and to develop students' IT skills. Furthermore, one workshop will be held once a month as part of the project, "ICT Mahidol Online Short Course." The next workshop on "Basic Programming: Python" will be held on Wednesday, January 19, 2022.
