ICT Mahidol organized an online workshop on “Statistical Data Analysis with SPSS”

During 15 - 16 December 2021 - the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), led by Miss Bang-Orn Kornwirat, Acting Head of Academic Services and Technology Transfer Division, organized an online workshop on “Statistical Data Analysis with SPSS” via Webex Meetings.

SPSS is a popular data analysis program primarily used in data processing in research work because it is extremely efficient in analyzing statistical data. It can also manage various types of data and display the results of data analysis in tabular or chart form. Furthermore, the SPSS program is simple to use and ideal for users who require accurate and fast data processing.
