ICT Mahidol students, members of Team AlphaTech, won 1st runner up from MSEC II: success before Songkran

The Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), would like to express our congratulations to Team AlphaTech which is consisted of Miss Chansida Makaranknd (Software Engineering Track), Mr. Sokedtha Ly, (Computer Science Track), 4th year students of ICT International Program, the Faculty of ICT, Mahidol University, as well as Mr. Natchanon Ungudomsin, Pennstate University, USA, on winning the 1st runner up and receiving 3,000 THB from MSEC II: success before Songkran on 27 April, 2022.

The project of Team AlphaTech is "Vaccine Now," a one-stop service platform which aims to promote vaccination and good health for Thai people, allowing them to live with good health and safe from epidemics, as well as build immunity through the use of machine learning to analyze data and provide personalized recommendations for Thai people to receive accurate and reliable information.

The MSEC II: success before Songkran, was a project held by Mahidol Startup, which aimed to support and enhance learning skills and entrepreneurship skills of students and other interested persons. The event was organized during March – April 2022.

The Faculty of ICT would like to congratulate all members of Team AlphaTech on their tremendous success.
