ICT Mahidol held a training on “Smartphone Video Production” for Mahasawat Community

On 3 September 2022, the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), led by Lect. Pagaporn Pengsart, Deputy Dean for Engineering and Systems, organized a training on “Smartphone Video Production” for Mahasawat Community. On this occasion, Miss Sirirat Wittayakunsatid, Audio-Visual Technical Officer, served as a guest speaker to share knowledge to villagers of Mahasawat Community on how to create eye-catching videos, as well as how to edit videos on their phones at Bann Saladin, Mahasawat, Nakhonpathom.

The training, “Smartphone Video Production”, was one of the activities under the project to support learning development in digital tourism of Khlong Maha Sawat community which was a part of the Social Engagement project for academic services. It aimed to share IT knowledge with the community and encourage them to practice hands-on learning on how to create short video clips using a mobile phone in order to publicize the community's activities and attract more tourists to visit the community in the future.
