ICT Mahidol organized an operational training on “AI in Medicine”

During 5 – 6 September 2022 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol) organized an operational training on “AI in Medicine” for Mahidol University’s staff. On this occasion, Dr. Rattchainant Thammassudjarit, Program Chair of Ph.D. in Data Science and Clinical Informatics (International Program at the Faculty of Medicine Ramathibodi Hospital, Mahidol University, served as a speaker at the 25th floor, Faculty of ICT, Mahidol University (MU Building), Vipawadee Rangsit. During the talk, Dr. Rattchainant was assisted by Mr. Prach Chaisiri, Computer Technical Officer, ICT Mahidol.

The operational training on "AI in Medicine" aimed to provide participants with knowledge and understanding of the concept and process of data analysis design to solve medical problems such as disease screening, as well as to allow them to apply such theoretical concepts to real-world situations.
