ICT Mahidol welcomed teachers and students from Petpittayakom School, Phetchabun province, on the occasion of their visit for an IT workshop

On 20 January 2023 – Dr. Pattanasak Mongkolwat, Dean of the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), welcomed Mr. Nirut Kaewnikhom, Deputy Director, as well as teachers and approximately 70 grade 10 - 11 students from Petpittayakom School, Phetchabun province, on the occasion of their visit for an IT workshop. During the visit, all students were given the opportunity to participate in theoretical and operational training on “Introduction to Processing for Virtual Programming Exercise”, taught by Dr. Pisit Praiwattana, Assistant Dean for Organizational Communications and Media Technology. Following that, Dr. Pisit Praiwattana presented overall information of the B.Sc. in Information and Communication Technology (ICT International Program) and B.Sc. in Digital Science and Technology (ICT Thai Program) to all students in Lab IT105, the Faculty of ICT, Mahidol University, Salaya.

After the training, ICT Mahidol students presented Senior Projects of ICT Alumni to the teachers and students from Petpittayakom School at Bits & Bytes Hall. Respectively, a faculty tour, which included a Smart Classroom, Co-Working Space, and the Innovative Space, were given to the teachers and students.
