

Seminar / Training News

ICT Mahidol, together with its collaborative partners under the project “Center of Excellence in AI-Based Medical Diagnosis (AI-MD)”, organized Mahidol AI Talk #3

On 1 March 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), together with its collaborative partners under the project “Center of Excellence in AI-Based Medical Diagnosis (AI-MD)”, organized Mahidol AI Talk #3. During the event, Dr. Pattanasak Mongkolwat, the Dean of ICT Mahidol, delivered a welcoming speech to all attendees in Room AI 2, MU AI Center, Faculty of ICT, Salaya, as well as via Webex Meetings.

On this occasion, Lect. Snit Sanghlaio, Assistant Dean for Engineering and Environment, ICT Mahidol, was the guest speaker on “AI and High-Performance Computing in a Nutshell” to audiences consisting of instructors, staff, students, and other interested individuals. This was

followed by a panel discussion, moderated by Lect. Pagaporn Pengsart, the Deputy Dean for Infrastructure and Technology.

The “Mahidol AI Talk Series” seminar was a collaboration project between Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol) and collaborative partners under the project “Center of Excellence in AI-Based Medical Diagnosis (AI-MD),” which is supported by the Reinventing University System. The seminar is scheduled to be held every two months starting from September 2022 – September 2023. Those who are interested in attending the next seminar which will be held on May 2023, please visit <http://www.ict.mahidol.ac.th> or contact Academic Services and Technology Transfer Division at Tel: 02-441-0909.
