ICT Mahidol organized a hands-on training program on "Creating Video Media and Motion Graphic Images for Creative Presentations"

On April 23, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized a hands-on training program on "Creating Video Media and Motion Graphic Images for Creative Presentations" in room A2, ICT Building, Mahidol University, Salaya. On this occasion, Dr. Sujika Srinuntakul from Audio Visual and Digital Learning Media Development Division, served as the keynote speaker who shared her knowledge about motion graphics, storyboarding, setting up presentations, designing and arranging various elements such as illustrations, text, graphics, and animations, drawing shapes, and merging shapes, working with 3D graphics in PowerPoint, adding modern and attractive transitions and animations, adding sound and video, recording and exporting the work as a video for posting through various media channels.

The objective of this training was to enable participants to design creative presentations using Microsoft PowerPoint and improve the efficiency of their work. It also focused on providing participants with hands-on experience and the ability to create real work within one day (7 hours).
