ICT Mahidol organized "ICT Mahidol Online Short Course: Introduction to Python Programming"

On May 9, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized "ICT Mahidol Online Short Course: Introduction to Python Programming" for high school students via Webex Meetings. On this occasion, Dr. Tipajin Thaipisutikul, Assistant Dean for Academic Services and Technology Transfer, together with Mr. Den Tupsai, Academic Services and Technology Transfer staff, served as the keynote speakers who shared their knowledge on Python Programming.

The Faculty of ICT is hosting the "ICT Mahidol Online Short Course" for the second consecutive year. Its objective was to provide an opportunity for high school students who are interested in pursuing further education at the Faculty of ICT to participate in a mock class and to develop their knowledge and skills in technology. The event is scheduled to take place once a month, and interested students can check the details of each month's training topics on Facebook Page: Faculty of ICT, Mahidol University's and Line Official Account: @ictmahidol.
