

## Seminar / Training News

ICT Mahidol organized an operational training on “Introduction to Artificial Intelligence: Practical Machine Learning and Deep Learning with Python”

During 22 – 23 and 29 – 30 April, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized an operational training on “Introduction to Artificial Intelligence: Practical Machine Learning and Deep Learning with Python”. On this occasion, Dr. Tipajin Thaipisutikul, Assistant Dean for Academic Services and Technology Transfer, together with her teaching assistants including Mr. Noppanut Suksripatham, Computer Technical Officer, Technology Infrastructure Division, as well as Mr. Prach Chaisiri, and Mr. Patipat Chewprecha, Computer Technical Officers from Information and Systems Division, served as the keynote speaker. During the training, the 22 participants learned about the important technologies for data analysis and deep learning: Machine Learning, Deep Learning, Artificial Neural Network (ANN), Convolutional Neural Network (CNN) and Recurrent Neural Network (RNN) via Webex Meetings.
