ICT Mahidol participated in a study visit at True Digital Park

On June 15, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), led by Dr. Pattanasak Mongkolwat, the Dean, along with the faculty's executives, instructors, and staff, took part in a study visit at True Digital Park, an interconnected ecosystem for startup and tech entrepreneurs in the heart of Southeast Asia and a global startup destination.

During the visit, Ms. Lalitphat Meeboonanake, the Community Associate, and her team warmly welcomed the ICT Mahidol group, providing them with general information about the True Digital Park and introducing them to the various facilities and services available within the buildings. The ICT Mahidol group was then guided through different areas of the True Digital Park, including the Co-Working Space, the LG Business Innovation Center (the largest comprehensive business innovation and solution center in Southeast Asia), and the True IDC Experience Center which serves as a Live Learning Hub for a wide range of customers, including

enterprises, SMEs, startup groups, students, scholars, and technology enthusiasts, to learn and gain insight into the work in Cloud and Data Centers. Lastly, ICT Mahidol visited the CP Innovation for Sustainability Center, which showcases sustainable consumer product innovations and technologies that drive organizational sustainability.
