

## Seminar / Training News

ICT Mahidol organized the academic seminar entitled “IoT Talks 2023: Avoiding Unemployment after Graduation with a Career in IoT”

On June 28, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized the academic seminar entitled “IoT Talks 2023: Avoiding Unemployment after Graduation with a Career in IoT”. At the beginning of the event, Asst. Prof. Dr. Thitinan Tantidham, an instructor, delivered a welcome speech to the guest speakers and all participants. The guest speakers for the seminar were Mr. Sanya Klongnaivai, CEO of Infinity Sora Technology Co., Ltd., Mr. Arnon Thongtem, Senior Innovation & Engineering Manager of Synergy Technology Co., Ltd., and Mr. Arkom Thaicharoen, who served as both the Advisor to the Honorary President of the Thai Programmer Association as well as Executive Director and Receptionist of the Thai IoT Association. The seminar was attended by approximately 40 participants in Room MAI2, 1<sup>st</sup> floor, ICT Building, Mahidol University, Salaya, as well as via Webex Meetings.
