ICT Mahidol organized a practical training on "Python Programming for Absolute Beginners"

During June 17 – 18, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized a practical training on "Python Programming for Absolute Beginners". On this occasion, Dr. Tipajin Thaipisutikul, Assistant Dean for Academic Services and Technology Transfer, and Dr. Jidapa Kraisangka, Assistant Dean for Academic and Curriculum Development, together with teaching assistants: Mr. Prach Chaisiri, and Mr. Patipat Chewprecha, Computer Technical Officers from Information and Systems Division, served as keynote speakers.

The training focused on providing participants with a solid foundation in Python programming, covering essential topics such as basic language syntax and grammar, conditional statements, looping, data structures, and the creation and utilization of functions. The training was attended by a total of 18 participants in the Computer Laboratory Room 103, 1st floor, ICT Building, Mahidol University, Salaya. The primary goal of this training was to equip

participants with the necessary skills to effectively use Python programming and apply the knowledge gained in their own work.
