ICT Mahidol underwent the "Occupational Safety, Health, and Workplace Environment Management Assessment, Year 2023"

On September 22, 2023, the Faculty of Information and Communication Technology at Mahidol University (ICT Mahidol), led by Dr. Pattanasak Mongkolwat, the Dean, along with Lect. Snit Sanghlaio, Assistant Dean for Engineering and Environment, as well as the Occupational Safety, Health and Environment Working Group, welcomed Assoc. Prof. Aikkarach Kettawan, Deputy Director of Center for Occupational Safety, Health and Workplace Environment Management, along with COSHEM staff, for the purpose of the "Occupational Safety, Health, and Workplace Environment Management Assessment, Year 2023". This assessment took place in Rom IT404, ICT Building, Mahidol University, Salaya.

The objective of this assessment was to evaluate safety within various areas of the Faculty of ICT building, including office spaces, meeting rooms, classrooms, and structural systems, such as public utilities and building safety and disaster prevention systems. Additionally, it involved monitoring the progress of operations and providing recommendations for safety improvement, with the aim of guiding the faculty in enhancing safety, occupational health, and environmental conditions in the future.
