

Seminar / Training News

ICT Mahidol organized a training program on “Upskill & Reskill: AI Executive Program (MUAI)” on the topic, “AI Computing for Executives” and “Cybersecurity Leadership and Strategy for Executives, Organization Leaders, and Researchers”

On 13 September 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), together with its collaborative partners under the project “Center of Excellence in AI-Based Medical Diagnosis (AI-MD)”, organized a training program on “Upskill & Reskill: AI Executive Program (MUAI)”. On this occasion, Lect. Pagaporn Pengsart, Deputy Dean for Infrastructure and Technology gave a lecture on the topic “AI Computing for Executives” to all participants. Respectively, Dr. Ittipon Rassameeroj, Assistant Dean for Infrastructure and Technology, also presented the topic, “Cybersecurity Leadership and Strategy for Executives, Organization Leaders, and Researchers” in the Grand Auditorium, ICT Building, Mahidol University, Salaya.

The “AI Executive Program (MUAI)” training program is one of the collaborative projects between the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol) and the Electronic Transactions Development Agency (ETDA), under the “Center of Excellence in AI-Based Medical Diagnosis (AI-MD)” project, supported by the Reinventing University System. The next training program is scheduled on September 20, 2023 in the topic “AI Governance for Executives: Building Trust and Reliability in AI Adoption for Organizations” by Dr. Sak Segkhoonthod, Senior Advisor, Electronic Transactions Development Agency (ETDA), and expert team from the AI Governance Clinic.
