ICT Mahidol organized a practical training on "Python Programming for Absolute Beginners, Batch 2"

During November 18 – 19, 2023 – the Faculty of Information and Communication Technology, Mahidol University (ICT Mahidol), organized a practical training on "Python Programming for Absolute Beginners, Batch 2." On this occasion, Dr. Tipajin Thaipisutikul, Assistant Dean for Academic Services and Technology Transfer, and Asst. Prof. Dr. Jidapa Kraisangka, Assistant Dean for Academic and Curriculum Development, served as keynote speakers in the Room A3, 1st floor, ICT Building, Mahidol University, Salaya.

The practical training program on "Python Programming for Absolute Beginners, Batch 2" aims to provide participants with fundamental knowledge of Python programming. This includes understanding basic program Input/Output, language fundamentals, and general Python syntax such as Operators, Variables, Data types, Expressions. The training covered writing loop statements like For loops and While loops, as well as exploring data structures in the Python language. Additionally, participants learned how to create and utilize functions, enabling them to efficiently use programs and apply the knowledge gained in their practical work.
